

# What happens to collected printer cartridges?

Cartridges 4 Planet Ark has recycled over **57 million printer cartridges**, diverting over **20,000 tonnes** of waste from landfill!

Over **850KM of road** has been laid using waste printer toner. Recycler Close the Loop developed **TonerPlas** to build stronger roads.

Over **1 million litres** of waste ink has been recycled from old printer cartridges. This ink is used to fill **pens** or create **specialty art supplies!**

The program has diverted approximately **24,000 tonnes of CO2e\*** from the atmosphere. Thanks to its **zero waste to landfill guarantee!**

\*Based on data from the E-PRODUCT STEWARDSHIP IN AUSTRALIA Executive Report (2019)

**Find a recycling drop-off** in participating stores, community centres, or at [RecyclingNearYou.com.au](https://www.RecyclingNearYou.com.au)
